Iâ€™ve been waiting all day for ya babe
So won't you come sit and talk to me
About how we be together always
I hope you know when it's late at night
I hold on to my pillow tight
And think how you promised me forever
[and now that your here all I want]
Is just a chance to say

Chorus

Get out, right now
It's the end of you and me
It's too late and I can't wait
For you to be gone
Cause I know you love her
And I wonder
How I bought all those lies
You said that you could treat me right
But it was just a waste of time

Tell me why u looking so confused
When I'm the one who didn't know the truth
How could you ever be so cold
To go behind my back and call my friend
Boy you must've gone bumped ya head
Because you left her number on your phone
Maybe Iâ€™m the one to blame but i
(to think that you that you could be the one)
Well I didn't work it out that way

chorus

I wanted you right here with me
But I have no choice you gotta leave
Because my heart is breaking
With every word Iâ€™m saying
I gave up everything I had
For something that just wouldn't last
But I refuse to cry, no tears will fall from these
Eyesâ€¦â€¦â€¦â€¦â€¦â€¦â€¦â€¦â€¦â€¦
GET OUT
