All dressed up and we got somewhere to go
We're all dressed up in our Sunday clothes
Me and my baby
See us walking down the road
We're going to the hop
Down at the hall you'll find us dancing

I'm dancing right across the floor
Me and my baby
See the people
Hear them shout for more
Me and my baby
See us doing all those fancy steps
We're dancing at the hop
This dance is the coolest yet

One boy he grabs a foreign girl
And he never even asked her name
He wants a dance
And he wants it now
And he can dance
Let me show you how
