Let's sit down  
Let's have a nice long talk about us  
You start

Let's go out  
Let's walk down the street  
We'll fool around

Walking on the kerb  
Walking on the kerb

I've always wanted you  
I dreamed of you at night  
I couldn't see your face

But I knew, you were the one  
Right from the start  
You treated me just the way you should

I've always wanted you  
I dreamed of you at night  
I couldn't see your face

But I knew, you were the one  
I knew, you were the one

Good things happening for us all the time  
Good things happening for us all the time

Everyday I get a little sunshine  
Even though the day's a rainy day  
Everyday you give me all your lovin'  
And I thank you

Romance me, sweet talk me  
Send me weak at the knees  
Let's dance around the room

I've always wanted you  
I dreamed of you at night  
I couldn't see your face

But I knew, you were the one

Good things happening for us all the time  
Good things happening for us all the time

Everyday I get a little sunshine  
Even though the day's a rainy day  
Everyday you give me all your lovin'  
And I thank you

Good things happening for us all the time  
Good things happening for us all the time

Good things happening for us all the time  
Good things happening for us all the time

Good things happening for us all the time  
Good things happening for us all the time

Good things happening for us all the time  
Good things happening for us all the time
