If there is any other way I will find it  
I will not be losing you  
If I can help it  
I won't take this lying down  
I'm gonna fight for you  
I'm in the middle  
Not easy for me baby  
Not easy for me

This may sound emotional  
I have a deep sense of holding on

I'm gonna wrap you in my love  
I'm gonna wrap you in my love  
And I can recommend my love  
I can recommend my love

I can't fake it  
You are a big part of my life  
And I won't make it  
If I give up if I give in

This may sound emotional  
I have a deep sense of holding on  
I'm gonna hold on to you  
No time for crying  
I've got work to do

I've got to wrap you in my love  
I've got to wrap you in my love  
And I can recommend my love  
I can recommend my love

I've got no time  
To place the blame  
You wanted to taste  
Forbidden fruit  
I could run you off in haste

But I'd repent of my leisure  
For you  
Oooh oooh

I've got to wrap you in my love

I want it the way it was  
All points to lead back home  
You know I caught you  
Fair and square  
But I want you right back here  
Where I can

Wrap you in my love  
Love you darling  
Ooh ooh  
Wrap you in my love  
I've got to recommend my love
