Do boys dream about
Living in a constant ecstasy
Do boys dream about
The same kind of things
That young girls dream

What do the boys dream
What do the boys all dream of

Do boys dream about
Life in space and hallucination
Do boys dream about
The killing of a friend
The investigation

What do the boys dream
What do the boys all dream of

Do boys dream about
The great escape of the mythical monsters
Do boys dream about
The big romance
With the girl of their dreams

What do the boys dream
What do the boys all dream of

Do the boys dream about
The wonders of the world and all in colour
Do boys dream about
The big romance
With the girl of their dreams

What do the boys dream
What do the boys all dream of
