I'm trying to set your heart on fire  
I wanna be your one desire  
'Cos when you kisses me  
Make me feel so nice inside  
Make me feel so good

I wanna tell the world, I'm glad I found you  
I'm a lucky girl, with you to hold me  
'Cos when you kisses me  
Make me feel so nice inside  
Make me feel so good

Like my baby there's no other  
You can tempt me but you won't hold me  
Oh my darlin' don't you worry  
No false promise, ain't no lie  
I may look over my shoulder  
But I'll never leave your side

Both day and night you fill my dreams  
Who should I thank for all you bring me  
'Cos when you kisses me  
Make me feel so nice inside  
Make me feel so good

Like my baby there's no other  
You can tempt me but you won't hold me  
Oh my darlin' don't you worry  
No false promise, ain't no lie  
I may look over my shoulder  
But I'll never leave your side

I may look over my shoulder  
But I'll never leave your side  
I may look over my shoulder  
But I'll never leave your side
