We're changing all the rules now breaking with
tradition
Go stand upon a hilltop call up a new sensation
I can see my way now clearer than it's ever been
Crashing through the silence, sailing through the aqua
world to

One more hour of rapture all embracing
One more hour of rapture etc...

In the dim light by the Amazon the southern moon rides
high
A small girl sits in wonder, as the river flows the tears
she cries
So wake me from my slumber bring me to my senses
she'd these strange afflictions sail through the aqua
world to

One more hour of rapture all embracing
One more hour of rapture etc...
All the seven wonders in their eloquence and grace
Hold no fascination compared to all of this
Cause I can see my way now clearer than it's ever been
Crashing through the silence sailing through the aqua
world to
