I don't want to tell you what you already know
This is me that you're talking to
and anything I say, I have said before
When will it be enough?

There's something, and my mind shifts,
and in my eye
I slip on my ears
And I find I am face to face
with none other than me,
I've got the mirror up against the marquee.

And all it reads is, I am fine, I am divine,
But there is a wild side going on behind the sign.

I'm looking for the magic
I'm feeling for the right way out of my mind
Looking for the alchemy to release me from my maze.
I am makin myself

I'm lookin' for the magic (x3)

Now I don't wanna come off like I am
I'm loosing my head
But the shadow inside of me
is begging for direction to illicit city.
Ooooh illicit city.

I wanna do better than to fight this life
'cause it is a dream
I wonder if the wild animals livin' in me
Well will they ever find freedom?

And all I fear is what I fear,
am I a Leviathan?
I feel the risin of the cove, my ocean opens

I'm looking for the magic
I'm feeling for the right way out of my mind
Looking for the alchemy to release me from my maze.
I am makin myself.

I'm looking for the magic
I'm feeling for the right way out my of mind
Looking for the alchemy to release me from my maze.
I am makin myself.

I'm lookin' for the magic (x3)

I wanna be bad
I wanna be bad
My shadow must find a window in the wall.

I'm looking for the magic
I'm Feeling for the right way out of my mind
Looking for the alchemy to release me from my maze.
I am makin myself

I'm looking for the magic
I'm feeling for the right way out of my mind
Looking for the alchemy to release me from my maze.
I am makin myself

I'm lookin' for the magic (x3)
