I don't want to live for tomorrow  
Save me  
I don't want to live for tomorrow  
Save me

I don't want to live for tomorrow  
I don't want to live for the dying chance  
If you're already good as gone  
(Save me)  
If you're already good as gone  
(Save me)

I don't want to live for another  
Take me  
I don't want to live for another  
Take me

I don't want to live for another  
I don't want to live for the dying chance  
If you're already good as gone  
(Save me)  
If you're already good as gone  
(Save me)

'Cause we live under the common tree  
But I'll learn to leave us there with all the fruit  
Still searching, still looking in your eyes for a sign  
I need to know

Save me  
Save me

I don't want to wait any longer  
Race me  
I don't want to wait any longer  
Erase me

I don't want to wait any longer  
I don't want to wish and hope and pray  
If you're already good as gone  
(Save me)  
If you're already good as gone
