We may not always be the best of lovers  
But if you leave it to me I think I can see  
We'll always be the best of friends

And one day when I am old and on the porch  
With knittings around my knees you hear me say  
Excuse me please, but aren't you the one  
And wasn't it fun way back when

Or maybe in a year you'll reappear  
And if that should come true  
I'd throw my arms around you and watch you smile  
Just for awhile once again

We may not always be the best of lovers  
But if you leave it to me I think I can see  
We'll always be the best of friends

La la la  
The best of friends  
La la la  
The best of friends  
La la la
