You got that far away look in your eyes
But are you looking at me or at some other guy?
Who's got you hypnotized, got you mesmerized
Keep you tranquilized with ever kind of lie
Still he makes you cry so baby, realize that I

I'm gonna break his spell
I'll put him in his place
And get you out of this hell

I'm gonna break his spell
Take this relationship
And send it straight to the well

I'm gonna break his spell
Baby, I'm gonna break his spell
I'm gonna break his spell, yes, I will

It's been a while since I've known something's wrong
At first you had me thinking everything was gone
I got a late start, I let him steal your heart
I let that fool come in and tear our world apart
But he's not that smart, another love shark and I

I'm gonna break his spell
I'll put him in his place
And get you out of this hell

I'm gonna break his spell
Take this relationship
And send it straight to the well

I'm gonna break his spell
Baby, I'm gonna break his spell
I'm gonna break his spell, yes, I will

I'm gonna break his spell
I'll put him in his place
And get you out of this hell

I'm gonna break his spell
Take this relationship

And send it straight to the well

I'm gonna break his spell

Baby, I'm gonna break his spell

Oh, I'm gonna break his spell, yes, I will

Oh, yes I will, oh, yes I will

Gonna break his spell
