Don't want to leave you again, baby
But you know I have to someday
Don't want to be alone again, baby
But you know we found our own way

We hold ourselves together
It's a bond that can never be broken
I know we'll last forever
But there's something that I just gotta say and that's:

Wait for me
Wait for me
Stay with me
Wait, wait for me

You know it's really hard on me
To have to turn and wave goodbye
And I know it's hard on you too
All those lonely nights we cried

We hold ourselves together
It's a bond that can never be broken
I know we'll last forever
But there's something that I just gotta say and that's:

Wait for me
Wait for me
Stay with me
I said wait, wait for me
You know I get so scared inside
When I come back you won't want me
But then you tell me I'm your only one
I guess it's just my insecurity

We hold ourselves together
It's a bond that can never be broken
I know we'll last forever
But there's something that I just gotta say

Wait for me
Wait for me
Stay with me

I said wait
Wait for me
Wait for me
Stay with me
I said wait, wait
Wait for me, my lover
Wait for me, no other
Stay with me, oh please
I said wait, wait, wait for me
My lover, yeah
I love you, yeah, yeah, you know
Baby, yeah, yeah, I need you
Wait for me
