Sitting on the edge of the bed  
I recall how you can send me to heaven  
You never deny me in the middle of the night  
My desires from morn to eleven

Whenever I ask there's never a task  
For someone as wild as you  
It's tough to believe I can hardly conceive  
Of the things you can get me to do

I hold your picture and your eyes they talk to me  
Saying I want you tonight

I still dream about you  
I still dream about you  
I still dream about you  
Are you lonely baby, are you lonely for me too?

Every night I get this feeling inside  
Anticipating what's gonna come  
It's all I can do to keep my hands off my pie  
When I think about the things we done

I'm in a position to break some tradition  
Never mind the song and dance  
If you rock on the corner and start rocking this joint  
It's time that we are making an advance yes it is

I hold your picture and your eyes they talk to me  
Saying I want you tonight

I still dream about you  
I still dream about you  
I still dream about you  
Are you lonely baby, are you lonely for me too?

Oh yeah  
Oh yeah  
Oh yeah

I hold your picture and your eyes they talk to me  
Saying I want you tonight

I still dream about you  
I still dream about you  
I still dream about you  
I still dream about you

I still dream about you  
I still dream about you  
I still dream about you  
Are you lonely baby, are you lonely for me too?

Are you lonely baby, are you lonely for me too?  
Are you lonely baby, are you lonely too?  
Are you lonely, are you lonely, lonely too?
