"Naked"

Built a house of cards around your heart

Show yourself to no one

Wear a mask

Didn't think you'd tear it all apart

Didn't know you had the nerve for that

Every bit of trouble that I've cherished

Every bit of truth that I let perish

Every little bit of me is naked

I am naked now

I am naked now

I am naked now

Yeah

Close your eyes and wonder why it's dark

Built a house of cards around your heart

Act surprised when you keep fallin' down

Something about you is like a spark

Didn't think you'd tear it all apart

Yeah you burn all other life down to the ground

Every bit of time that I have wasted

Every bit of truth I never tasted

Every little bit of me is naked

I am naked now

I am naked now

I am naked now

Every bit of trouble that I've cherished

Every bit of truth that I let perish

Every little bit of me is naked

I am naked now

I am naked now

I am naked now

I am naked now

I am naked now

Naked now
Now
Naked now
Now
I am naked now
