I been knockin' the walls down
Tryin' to get to you
But I won't wait forever
You gotta let me through

Now, I've been diplomatic
But I don't know what for
'Cuz you hurt me, now just watch me
I won't take no more

This means war
And you will see it's senseless
This means war
And soon you'll be defenseless
'Cuz you can't win this war

There will be no replacements
You better get your gun
Because I'm comin' after you
For everything you done

And then when you are captured
It won't be like before
'Cuz you teased me, deceived me
This is what's in store

This means war
And you will see it's senseless
This means war
And soon you'll be defenseless
'Cuz you can't win this war

You avoid reality
In the calm before the storm
It hurts me so to fight with you
But since you closed the door

This means war
And you will see it's senseless
This means war
And soon you'll be defenseless

This means war
And you will see it's senseless
This means war
And soon you'll be defenseless
'Cuz you can't win this war

No, you can't win this war
No, you can't win this war
