Now you stay out of my, out of my sight
Spit your words right out of, right out of my mind
Since you picked this fight
Know my life is just that, it's just that, it's mine

Oh no, not me
You think you can
You think you can
But there's no cage can fit me

You gotta problem
You gotta problem
You gotta problem
Whatcha gonna do?

You gotta problem
You gotta problem
I gotta problem
And it's name is you

Ain't gonna wear, ain't gonna wear your shame
Who will win, who will win, who will win this silent war
When I don't even want to play
Or know the rules to your game

Oh no, not me
You think you can
You think you can
But there's no cage can fit me

You gotta problem
You gotta problem
You gotta problem
Whatcha gonna do?

You gotta problem
You gotta problem
I gotta problem
And it's name is you

You gotta problem
You gotta problem

You gotta problem
Whatcha gonna do

You gotta problem
You gotta problem
I gotta problem
And it's name is you

Oh no, not me
You think you can
You think you can
But there's no cage can fit me

You gotta problem
You gotta problem
You gotta problem
Whatcha gonna do?

You gotta problem
You gotta problem
I gotta problem
And it's name is you

You gotta problem
You gotta problem
You gotta problem
Whatcha gonna do?

You gotta problem
You gotta problem
I gotta problem
And it's name is you

You gotta problem
You gotta problem
You gotta problem
Whatcha gonna do?

You gotta problem
You gotta problem
I gotta problem
And it's name is you

You gotta problem
You gotta problem
You gotta problem
Whatcha gonna do?

You gotta problem
You gotta problem
I gotta problem

And it's name is you
