Can't stop the fun from raging  
Oh, 'cause we're in too deep  
Can't take a whip and tame it  
Oh, is the price too steep

I won't to make you happy  
Won't give myself away  
Want me to fake it, baby  
It's just a game we play

You want in, I want out  
That's what love is all about  
Full of hope and full of doubt  
You want in and, baby, I want out  
You want in and I want out

I've got a heart in danger  
Oh, 'cause I'm stuck on you  
I wish we could start again as strangers  
Oh, don't know what to do

Don't want to start no trouble  
Don't want to go away  
Wait too long and the pain is double  
They were the ones that paid

You want in, I want out  
That's what love is all about  
Full of hope and full of doubt  
You want in and, baby, I want out  
You want in and I want out

Why do you do it to me?  
Why do you do it to me?  
Why do you do it to me?  
Why do you do it to me?

Why do you do it to me?  
Why do you do it to me?  
Why do you do it to me?  
Why do you do it, do it?  
Do it, do it, do it, do it, do it, do it

I want to make you happy  
Won't give myself away  
Want me to fake it, baby  
It's just a game we play

You want in, I want out  
That's what love is all about  
Full of hope and full of doubt  
You want in and, baby, I want out  
You want in and I want out

You want in, I want out  
That's what love is all about  
You want in, I want out  
That's what love is all about

You want in, I want out  
That's what love is all about  
You want in, I want out  
That's what love is all about

You want in, I want out  
That's what love is all about  
You want in, I want out
