Leanin' against the window of a white hotel room  
Lookin' down at Dallas, shining in the heat  
Honey when you move it's graceful as a pnter  
Open up your lips and my heart skips a beat

You suffer so pretty like a ragged apostle  
You burn oh so brightly like a soldering gun  
And I gave my body and soul to relieve you  
But now you have told me that I'm not the one

And if I'm not the one  
Baby if I'm not the one

Who's gonna dive down to the floor of the ocean  
Who's gonna save you from being alone  
Who's gonna hold you when you cry in the nighttime  
Who's gonna carry your heart  
Your heart of stone

I believed my love  
Could chase away your darkness  
Was strong enough to fight all the demons in your  
dreams  
(Little did I know the weight would pull me under  
Living in your world is so much harder than it seems)

Bit if I'm not the one  
Baby if I'm not the one

Who's gonna dive down to the floor of the ocean  
Who's gonna save you from being alone  
Who's gonna hold you when you cry in the nighttime  
Who's gonna carry your heart  
Your heart of stone

Alt verse lyric  
(Little did I know it would pull me under  
I watched us both come apart at the seams)
