You gotta help me baby, I can't do it all by myself
(repeat 2x)
If you don't help me daddy
Gotta find somebody else

Put on your nightshirt baby, hand me my morning gown
(repeat 2x)
Don't feel sleepy
I just feel like lyin' down

Gotta help me baby, help me baby
Can't do it all by myself
If you don't help me daddy

Gotta find somebody else
Ooh, real quiet, real quiet, real quiet...

You gotta help me baby, gotta help me baby
Help me baby (repeat 2x)
Ooh, ooh, ooh...
Just want a little lovin' before you pass away (repeat 2x)
Don't help me daddy, I'm gonna find somebody else...
