Can you see me rising
Since your disappearance?
Safe to say that I've regained myself
Sleeping like a baby still I wonder
Maybe if we'll ever
Meet up somewhere else

I'm bouncing you a message off the night sky
You'll get it in a while

How you walk around
With all that contempt inside you
I'm amazed that you can stand up straight
Turned up the volume
When you heard me saying to you
How does somebody switch from love to hate

I'm bouncing you a message off the night sky
You'll get it in a while

I know you feel it, it's right behind you
It's getting closer, you said yourself
You're running out of time

If I ever sit to write the story
I'll say something nice
About you when you're dead
Moving like the ocean
Safe inside the notion that I can
Read it layin' in my bed

I'm bouncing you a message off the night sky
You'll get it in a while

I know you feel it, it's right behind you
It's getting closer, you said yourself
You're running out of time

Yes, it's complicated if the feeling's faded
Still it's better to have no regrets
When you think about me if you think about me
Please remember that I've done my best

Can you see me rising
Since your disappearance?
Safe to say that I've regained myself
Crawling like a baby still I wonder
Maybe if we'll ever
Meet up somewhere else 'cause

I know you feel it, it's right behind you
It's getting closer, you said yourself
You're running out of time
