I've really got to use my imagination
To think of good reasons to keep on keepin' on
Got to make the best of bad situation
Ever since that day I woke up and I found you gone

Darkness all around me blockin' out the sun
Old friends call me but I don't wanna talk to no one
Emptiness has found me and it won't let me go
Why go on livin', I just don't know

I've really got to use my imagination
Think of good reasons to keep on keepin' on
I got to make the best of a bad situation
Ever since that day I woke up and I found you gone

Hiding from reality won't do me no good
'Cause our misunderstanding is too, too well
understood
Such a sad, sad season when a good love dies
Not a day goes by, oh I don't realize

I've really got to use my imagination
To think of good reasons to keep on keepin' on
I got to make the best of a bad situation
Ever since that day I woke up and I found you gone

Oh, really got to use my, my imagination
Think of good reasons to keep on, keep on keepin' on
I got to make the best of a bad situation
Ever since that day I woke up
Ever since that day I woke up
Ever since that day I woke up and I found you gone
