Caught, in the blink of an eye  
Colors in your pages turning.  
Surely I will find you here  
You were always there before

Only if you look me in the eyes you can take it  
I'm soft but sharp, your heart, you wont make it  
So I'll call for you...

I love you, can't hate you, supressed by all my lows  
I need you, come show me love, my hero  
I've lost you, can't keep you, the one with all my hope  
I need you, come save me, you be the hero

This was the only thing we had  
Use your face, the one without the mask  
My hopes and dreams here  
Only if you look me in the eyes you can take it  
I'm soft but sharp, your heart, you wont make it  
So I'll call...

I love you, can't hate you, supressed by all my lows  
I need you, come show me love, my hero  
I've lost you, can't keep you, the one with all my hope  
I need you, come save me, and be my hero (so shout it!  
)

Thought you were my HERO!

I love you, can't hate you, supressed by all my lows  
I need you, come show me love, my hero  
I've lost you, can't keep you, the one with all my hope  
I need you, come save me, and be my hero...
