"When The Boys Get Together"

Visit "[When The Boys Get Together](#)" on MotoLyrics.com

When the boys tell their stories
And they brag of their glories
Do you tell them how easy it was
To caress me?
What do you talk about
When the boys get together?

Do you tell them you love me
Like you tell me you love me?
Or do you laugh and say
That you're putting me on and on?
What do you talk about
When the boys get together?

Do you whistle at the girls as they walk by
Like those other fellows do?
Are you one of those corner Casanovas?
That would break my heart in two.

Cause I'm crazy about you
I just can't live without you
That's what I always say
When I talk to my girlfriends.
I hope you say you're mine
When the boys get together.

(Spoken)
(Oh Johnny, I love you so much!)

I hope you say you're mine
When the boys get together.
