### Verse 1:

I cannot express to You  
What this means to me  
That You would leave Your throne above the clouds  
To come and talk to me  
So much has been going on  
That I don't understand  
But when the weight seems heavy  
I listen closely

### Chorus:

I hear You say  
I'll fight your battles  
I hear You say  
You are not alone  
Oh my God  
Hold me close to Your heart  
And breathe life into my soul

### Verse 2:

Now I can look back  
And I remember  
Your faithfulness to me  
Always the same  
Take my hand  
Walk me through this journey  
So my life will bring glory to your name  
Oh Lord we declare...

### Vamp:

Oh Lord we declare...  
Lord we declare  
You'll fight our battles  
Lord we declare  
Your blood will overcome  
Victory is already given  
And we sing glory to Your name

### Repeat till fade:

Oh Lord we declare...  
Lord we declare

You'll fight our battles  
Lord we declare  
Your blood will overcome  
Victory is already given  
And we sing glory to Your name
