Verse 1:

When I think
Of the way You've been patient with me
Even when I miss Your plan for my life
Ever so sweetly You remind me
That without You I can't live

Verse 2:

It is so obvious to see
The way You work life out of me
I can't take credit, no
Where would I be without Your love
You make my life so wonderful
I can't repay You

Channel (x4):

Ooo I am so grateful
How can you expect me
Not to praise His name

Vamp:

That's why I came to clap my hands
Came to lift my hands
Came to sing a song
That comes from way down in my heart

Repeat Vamp till fade:

That's why I came to clap my hands
Came to lift my hands
Came to sing a song
That comes from way down in my heart
