I'm watchin' you  
Turnin' away  
Wish I could turn back  
The hands of time to yesterday

I know I was wrong  
I made a mistake  
Now the only one I love  
Is going away

Just when you're leaving  
Just when you're leaving  
If I could find the words to say  
That would make you stay

Just when you're leaving  
Just when you're leaving

I played you  
Just like a game  
But this player plays the fool  
At the end of the day

I know that I've changed  
I wish I had proof  
Wish that I could make you see  
What I'm goin' through

Just when you're leaving  
Just when you're leaving  
If I could find the words to say  
That would make you stay

Just when you're leaving  
Just when you're leaving

I wish that you would understand  
But I don't understand myself  
I wish that you would take a chance  
And see that there is no one else

Just when you're leaving

Just when you're leaving  
If I could find the words to say  
That would make you stay

Just when you're leaving  
Just when you're leaving  
If I could find the words to say  
That would make you stay

Just when you're leaving  
Just when you're leaving  
Just when you're leaving
