Breath you out, breath you in  
You keep coming back to tell me  
You're the one who could have been

And my eyes I see it oh so clear  
It was long ago and far away  
But it never disappears

I try to put it in the past  
Hold on to myself and so look back

I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under

I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under  
(From under, from under, from under)

So let me go just let me fly away  
Let me feel the space between us  
Growing deeper and much darker every day

Watch me now and I'll be someone new  
My heart will be unbroken  
It will open up for everyone but you

Even when I cross the line  
It's like a lie I've told a thousand times

I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under

I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under

(From under, from under, from under)

And part of me still believes  
When you say you're gonna stick around  
And part of me still believes  
We can find a way to work it out  
But I know that we tried everything we could try  
So let's just say goodbye forever

I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under

I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under

I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under

I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under  
When I'm out from under
