V1:

I look at you, lookin' at me from across the room  
Quickly I change my glance, cause right now I can't  
follow through

PCH1/Refrain:

I know this is no time to be timid or shy,  
As your eyes are drawn to mine,  
Yea your eyes are drawn to mine,  
And I wanna be closer to you. Closer to you, oh.

V2:

Now we've talked all night, and it feels so right, but I'll  
be goin' soon  
Now you want me to stay, I can't turn that away, cause  
I'd be the fool

PCH2/Refrain:

Then you lay right down, next to me,  
And I feel that much more complete,  
Yea I feel that much more complete,  
And I wanna be closer to you. Closer to you, oh.

Bridge:

Kiss me again, lets make it last  
Cause I can't give you all that I have  
And you can't either cause your love runs deeper on  
some other path.

V3:

Here we are in blankets and sheets, slept all afternoon  
I'm only human you know, it doesn't seem to show, but  
you can assume  
That I will be fine, you haven't crossed any lines, that I  
didn't cross too

PreCH3/Refrain:

So I don't need an apology, but please hold on to me,  
Oh please hold on to me cause  
I wanna be closer to you, closer to you oh,  
Oh oh oh
