"On A Good Day"

Hey, Hey, Hey, the end is near
on a good day you can see the end from here
but i wont turn back now though the way in clear
i will stay for the remainder
i saw a life and i called it mine
i saw it drawn so sweet and fine
and i had begun to fill in all the lines
right down to what we'd name her
our nature does not change by will
in the winter round the ruined mill
the creak is lying flat and still
it is water though its frozen
so across the years and miles and through
on a good day you can feel my love for you
will you leave me be so that we can stay true
to the path that you have chosen?
