(Verse 1)

Breathe you out  
Breathe you in  
You keep coming back to tell me  
You're the one who could have been  
In my eyes I see it oh so clear  
It was long ago  
And far away  
But it never disappears  
I try to put it in the past  
Hold onto myself and don't look back

(Chorus)

I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under  
I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out  
When I'm out from under

(Verse 2)

So let me go  
Just let me fly away  
Let me fill the space between us  
Growing deeper  
And much darker everyday  
Watch me now and I'll be someone new  
My heart will be unbroken  
It will open up  
For everyone but you  
Even when I cross the line  
It's like I lie I've told a thousand times

(Chorus)

I don't wanna dream about  
All the things that never were  
Maybe I can live without  
When I'm out from under  
I don't wanna feel the pain  
What good would it do me now

I'll get it all figured out  
When I'm out from under

(Bridge)

And part of me still believes  
When you say your gonna stick around  
And part of me still believes  
When you say the we can find a way to work it out  
We can find a way to work it out  
But I know that we tried everything we could try  
So let's just say goodbye  
Forever

(Chorus)

I don't wanna dream about  
All the things that never where  
Maybe I can live without  
When I'm out from under  
I don't wanna feel the pain  
What good would it do me now  
I'll get it all figured out (x2)

When I'm out from under  
When I'm out from under
