One step too far
All at once I'm falling
Just like a star
I'm burning for you
Thought I could keep myself from feeling this way
I guess that was my first mistake

Cause suddenly I'm walking'
Down a dark street to your door
Wanting you is driving' me insane
And now my feet are standing
Where they've never stood before
Guided by a twist of fate

If I lose myself with you tonight
Fall apart or hold on tight
Wrong or right
I won't be afraid
Cause ever if my heart should break
You'd be the best mistake I ever made

I'm in your room
Now there's no denying'
What's in your eyes
When I look at you
Two shadows talking' but they don't make a sound
Words have lost their meaning now

And the air has turned electric
Now I know the time is right
To put myself into your hands
And suddenly I'm shaking'
As your fingers touch my skin
I don't need to understand

And if tomorrow proves me wrong
I swear I don't belong
I know I'll carry on

So I will lose myself and bare my soul
Take this chance cause heaven knows
I'm so far gone, my choice is made

And even if my heart should break

When I lose myself with you tonight

Fall apart or hold on tight

Wrong or right

I'll always say

You're the best mistake I ever made
