Propel this solitary man in front of us  
With his corrupted global agenda muttering into his  
ears

Corporate money stuffed into his pockets  
To spread his darkened gospel  
In the past the crowned once held the covenant  
To shape and develop a better world

Their influence and supremacy  
Built by generating optimistic and confident perception  
Offerings to their herds of sheep

Time repeats itself and outspoken  
Pledges continue to not succeed  
The people have renounced trust in ideologies

Safety and protection is the contemporary vow  
For the role that will reinstall masterdom and control

Corporate money stuffed into his pockets  
To spread his darkened gospel  
In the past the crowned once held the covenant  
To shape and develop a better world

To rescue us from uncertainty and peril  
That we are visionless to see or interpret  
A threat that evidently needs to be fought  
In a manufactured waged war

A vile misconception that has unfurled unquestioned  
While being exaggerated and disfigured and  
disfigured

Their influence and supremacy built  
By generating optimistic and confident perception  
Offerings to their herds of sheep

A threat that evidently needs to be fought  
In a manufactured waged war  
A vile misconception that has unfurled  
Unquestioned while being exaggerated and disfigured
