Get into the rhythm

Get into the rhythm
Let the music control
Get into the rhythm
For your body and your soul

Get into the rhythm
Let the music control
Get into the rhythm
For your body and your soul

Get into the rhythm
Get into the rhythm
Get into the rhythm

Let the rhythm
Take you high
Let the rhythm
Take you high

Get into the rhythm
Let the music control
Get into the rhythm
For your body and your soul

Get into the rhythm
Let the music control
Get into the rhythm
For your body and your soul

Get into the rhythm
Get into the rhythm
Get into the rhythm
Get into the rhythm
