I kindly knew,
something was true,
When you laughed out loud and
covered your silly face.
You changed my world,
and now things start to feel,
The stars shine and time was standing still

and suddenly i start to cry
knowing you're the reason why I feel.
You alone lifted my spirits.

* You've always been the one to wipe my tears,
you always say the things I need to hear,
w/ each glass that you give, I can see God's eye
as He watches me through you..
I guess miracles come true

Don't think that I,
have ever thanked you,
for your time is worth
and persevering strength.
If not for you, who knows where I'll be,
in my heart I know that you are my saving grace.

and suddenly I wonder why,
its only now I realize your gift,
of loving me and i'm no other

* You've always been the one to wipe my tears,
you always say the things I need to hear,
w/ each glass that you give, I can see God's eye
as He watches me through you..
I guess miracles come true

We've had our ups and downs,
We've always managed to turn things around,
our love will go on.

* You've always been the one to wipe my tears,
you always say the things I need to hear,
w/ each glass that you give, I can see God's eye

as He watches me through you..
I guess miracles come true
With each glass that you give, I can see God's eye as
He watches
me through you..
I guess miracles come true..
