I see you in a different light  
Candlelight  
Moonlight  
I see you in a different way  
Through different eyes  
And it's so nice  
We were just friends  
That's how it started  
You told me your secrets  
And I told you mine  
You were always there  
With a shoulder to lean on  
Everytime  
Now something's changed  
Nothing's the same  
No, no  
You're here beside me

Chorus:

And I see you in a different light  
Candlelight  
Moonlight  
I see you in a different way  
Through different eyes  
And it's so nice  
I see you like I've never seen you before  
The way I wanna see you much more  
Oh, tonight  
Tonight  
I see you in a different light

You are the one i  
I'd always turn to  
The one I could talk to, baby  
The one I could trust  
Who would ever dream  
We would be here together  
Making love  
The sweetest surprise  
Has come to my life

That you're here  
Beside me (ohhhhhh)

I see you in a different light  
Candlight  
Moonlight  
I see you in a different way  
Through different eyes  
And it's so nice  
(ohhhhhhh)i see you like I've never seen you before  
(yeah)  
The way I wanna see you much more  
Oh tonight (for tonight)  
(tonight)tonight  
I see you in a different light

When did your kisses get so sweet, baby  
And it's such a sweet surprise to me, me  
To look into your eyes  
Ohhhhhh

And see you in a different light  
In a different light  
Candlight  
(ohhhhhhhhhh)  
Moonlight  
I see you in a different way  
In a different light (different light)  
It's so nice (it's so nice)  
I see you like I've never seen you before (like I've never  
seen you before)  
The way I wanna see you much more  
Baby  
Tonight  
For tonight  
Tonight  
Ohh  
I see you in a different light  
Sweet sweet sweet love  
Candlelight  
Sweet love  
Moonlight  
Baby  
(moonlight)  
In a different light(in a different way)  
I see you in my eyes  
Oh baby

I see you  
I see you  
I see you

I see you  
I see you  
Like I've never never never never seen you before  
Ohhhhhhh ohhh  
I'm so  
See you, baby  
(see you in a different light)  
See you baby  
I see you, baby  
I see you, baby
