"Ride And Slide"

Come in and shut the door, so I can lay my back down
on floor,
And girl you are so bold, come and take control.
Ohhhh
Riding up and down, do you want my loving round and
round suck on your toe,
We can start to flow

[CHORUS:]

Do you know if anybody knows I want to slide,
Tonight baby I gotta taste your love
Tonight baby I gotta hit it oh so right sugar.

[REPEAT]

I can feel my tongue move up and down,
I can taste your water streaming down
And girl you taste so fine your one of a kind
Your one of a kind.
Lady move with me so I can keep you humping to my
beat.
Don't you worry bout the time
As I start to climb
As i start to climb.
Ohhhhh

[CHORUS 3x]
