repeat 2X) Baby make a sound if you came to get down

Just keep on doing it, keep on doing it Baby make a
sound cause I came
to get down Just keep on doing it, keep on doing it Baby
won't you come
along And taste my love tonight I wanna take you
another level When my
face climb up your thigh You've been a victim of this
other game But baby
I show no shame If you won't slide down my way Then
baby I can do the same
Let me hear you come on Baby won't you slow it down
Make me make things
just sex Baby come on get down Let's do it all, let's do
it all Baby you
ought to slow it down Make you make things just sex
Baby come on get down
Let's do it all, let's do it all Come on, and make me
shake tonight Cause
tonight you look real tasty And I got a big appetite For
your love Girl,
the way you talk You move you look so right I don't
mean to disrespect
you But put your lips to work tonight Baby won't you
slow it down Make
me make things just sex Baby come on get down Let's
do it all, let's do
it all Baby you ought to slow it down Make you make
things just sex Baby
come on get down Let's do it all, let's do it all Come on
baby Let me take
you to another level You then I Or me then you However
you want it Baby
let's do You then I Or me then you However you want it
Baby let's do Baby
won't you slow it down Make me make things just sex
Baby come on get down
Let's do it all, let's do it all Baby you ought to slow it
down Make you
make things just sex Baby come on get down Let's do it

all, let's do it
all
