If i could tell you
In words how i feel
And if i could stop
I could make you hear
I would tell you about
You and I
A story that could live
And never die,oh

You and I
Could be one after all
Our love
Could be so strong
(i said it would be so strong)
You and I
Would never stop (oh no)
You and I
Could reach the top

Do you understand
Its gotta be me and you
you know how i feel
I guess you feel the same too
I could go on and on
To tell you how i feel
The story is too long
I guess i've said the real deal

You and I (You and I)
Could be one after all
Our love
Could be so strong
(do you know what im talking bout baby)

You and I
Would never stop (we would never stop)
You and I
Could reach the top

You know i love you baby
Before you take it in
This story never ends,baby

Before you take it in
You and I, You and I

You and I
Could be one after all
(before you take it in)
Our love (you see)
Could be so strong
We could make love all night (before you take it in)
You and I
Would never stop (we would never stop)
You and I
Could reach the top
You and Me, Me and You
You and Me
We could make love all night long
It would be so strong baby
It would be so strong
Now let me tell you how i feel

I LOVE YOU
I LOVE YOU
