You say it's over
But you can't look me in the eyes
Don't believe it, for you know it just ain't right
(You just go on and live your life)
You remember, how I held you in my arms
Loved you tender, you still feel me in your heart
And it'll tear you all apart

It ain't over yet
You can turn from me
But you can't run away from my memory
It ain't over yet
You better be prepared
Everywhere you look you're gonna find me there
You say you don't need me anymore
But don't be surprised, when you walk out the door

I'll be the stranger
That you pass along the street
I'll be the music
Every tender melody
(And when you close your eyes to sleep)
I'll be waiting
And you'll reach out to take my hand
Then you'll wake up
Praying for a second chance
Then you'll wonder where I am

It ain't over yet
You can turn from me
But you can't run away from my memory
It ain't over yet
You better be prepared
Everywhere you look you're gonna find me there
You say you don't need me anymore
But don't be surprised, when you walk out the door
It ain't over yet

You will know the road to take
Back to my heart, it's not to late
You won't miss what we won't share
Cuz everywhere you go, I will still be there

Yeah you gotta know
That you can't run away
Cuz everywhere you go
I'm gonna be there
Yeah you gotta know
That you can't run away
Cuz everywhere you go
I'm gonna be there

It ain't over yet
You can turn from me
But you can't run away from my memory
It ain't over yet
You better be prepared
Everywhere you look you're gonna find me there
You say you don't need me anymore
But don't be surprised, when you walk out the door
It ain't over yet

No no no no, it ain't, it ain't over yet
You better be prepared because I'm everywhere
So go home and leave me
Say you don't need me
You'll see, oh you'll see
That you ain't gonna get away from me

It ain't over yet
No no no no
It ain't over yet
