Shake it, shake it  
The time has come to break it  
Anyway you make it, it's goin' down  
People gather 'round for the man above  
We're goin' down, down with hate and up with love  
Can you understand what's the plan  
Spread some love all across this land  
What's the caper, spread the truth  
Read it in the papers about the youth  
Ya can't crumble and break from what somebody else  
thinks  
Be tougher than that, lighten up your act  
Let's talk about it, before it's too late  
Don't push it to the side so that it can hide  
What's done in the dark needs come to light  
A heart full of hate's gonna waste a life  
Represent for the positive, no prejudice is the way to  
live  
You gotta free your mind, take your time  
Put your hand in mine  
'Cause it's a brand new day
