Don't believe a word they say
Read it in the papers everyday
Tell me what they really got to say
I'm here for you
Don't make a difference what they do
I'll never let 'em get to you
I'll always be the one that's loving you
You know I'll never ever leave your side
So don't believe the rumors or their lies
This is who I am
Try to understand
I'm the only one who died for you
Take a look at me
Tell me you believe
This is who I am
This is who I am
The whole world is watching me
Like a picture on a movie screen
On the cover of a magazine
I wanna scream
But you gotta put your faith in me
If you love me gotta just believe
I'm giving you the very best of me
You know I'll never ever leave your side
So don't believe the rumors or their lies
This is who I am
Try to understand
I'm the only one who died for you
Take a look at me
Tell me you believe
This is who I am
This is who I, this is who I, this is who I am
This is who I am
Try to understand
I'm the only one who died for you
Take a look at me
Tell me you believe
This is who I am
This is who I am
Try to understand
I'm the only one who died for you
Take a look at me

Tell me you believe
This is who I am
This is who I am
