Maybe if I close my eyes And think about it long enough I can erase your face From everything IÂ'm dreaming of ThereÂ's only one way to know for sure IÂ've got to tell you all the things you never were

Where do I begin ThereÂ's so much to talk about I remember when It was me who went without My insignificant other

Maybe if I make a wish, I can make it go away You can make it all come true, By leaving here today Heaven knows all the reasons why You refuse to change but I wonÂ't be denied Where do I begin ThereÂ's so much to talk about I remember when It was me who went without My insignificant other

Everything is gonna be alright Come what may You wonÂ't be keeping me awake at night lÂ'm on my wayÂ...

This is where I begin ThereÂ's so much to say Much to your chagrin Now IÂ'm on my way My insignificant other

This is where I begin Now lÂ'm on my way Insignificant otherÂ...
