Where do you go?
Who do you see?
Is all that you are
All you can be?
Who do you know?
Who do you reach?
When you're alone,
Do you practice what you preach?

The light of day
Is shining in your eyes
Just how long
Will it wait?
Don't you realize?

It comes up behind you
But don't be afraid, it's there
There to remind you
Don't let it slip away
So out with your troubles
And all of the things that bring you down

Just keep it simple
Everything is gonna come around when

The light of day
Is shining in your eyes
Just how long Will it wait?
Don't you realize?

It's getting closer
Feel it moving at your side

The creeps are around you
Everyday, more and more
Don't let them hound you
Don't let them rip apart your soul, 'cause

The light of day
Is shining in your eyes
Just how long Will it wait?
Don't you realize?
