She gives me thrills and she gives me bliss  
She gives me chills everytime we kiss  
Beulah Lee, baby-baby come to me, yeah  
Well I won't be lonely, 'cause she loves me only  
Beulah Lee  
She makes my heart do the rock 'n' roll  
She makes my lips holler more-more-more  
Beulah Lee, baby-baby come to me, yeah  
Well I won't be lonely, 'cause she loves me only  
Beulah Lee  
Well nobody else can move me, nobody else will do  
Well there's not a thing that can thrill me  
Only you-you, you-you-you

She gives me thrills and she gives me bliss  
She gives me chills everytime we kiss  
Beulah Lee, baby-baby come to me, yeah  
Well I won't be lonely, 'cause she loves me only  
Beulah Lee

Well nobody else can move me, nobody else will do  
Well there's not a thing that can thrill me  
Only you-you, you-you-you  
She makes my heart do the rock 'n' roll  
She makes my lips holler more-more-more  
Beulah Lee, baby-baby come to me, yeah  
Well I won't be lonely, 'cause she loves me only  
Beulah Lee
