Are You The One?
-----Jody Watley & Andre Cymone

Performed by Jody Watley

Gave you ever chance for you to treat me right ? but
here we go again
Not another second chance gonna find in a true
romance time to move on
I gotta move on

I've asked myself so many questions I shoulda just
asked you from the start
Shoulda went beyond those false pretensions ? was I
just running from the truth?
And now I ask myself

Are you the one ? are you right for me?
Is this gonna be the real thing
Are you the one ? only time will tell if it's gonna be the
real thing

Will I even learn from my mistakes - ?
So tired tired of a broken heart, said you'd change boy
. . . But you never changed

How many times to be dogged out? How many lies to
be found out . . .
I don't know, I really don't know

We all want love but have no answers when it comes
down to make a choice
How many times have you been in bed before you
really knew the person
You were sleeping with? . . . You better ask yourself

Chorus

Can't control your messin' ?round
I won't be there when you're down gotta be watched
every minute

I've been told that you're no good
But I wouldn't leave even if I could can't be stopped ?
cause I'm in it

Chorus
