Since we met, a wonderful feeling I get
So complete and full of fire
Have no fear, baby, I'll always be here
'Cause I wouldn't last a day without you

'Cos when we're making love
Skies above open up and set me free
And when I'm in your arms the feeling starts
Honestly, you get the best of me

In your eyes that secrets you cannot hide
So deep inside, don't fight this feeling
Words can't say, they only get in our way
So close your eyes and stay with me

'Cos when we're making love
Skies above open up and set me free
And when I'm in your arms the feeling starts
Honestly, you get the best of me
You get the best of me, ooh

So many people let their chances slip away
Let's make a promise that we'll always find a way
Together we're gonna be
You get the best of me, oh, yeah

'Cos when we're making love
Skies above open up and set me free
And when I'm in your arms the feeling starts
Honestly, you get the best of me, yeah
You get the best of me, yeah

I'm giving it, you're giving it
I'm giving you the best I can
You're giving it, I'm giving it
Giving you the best that I can give, yeah

You get the best of me
Best of me
