Lately  
I feel so all alone  
Can't find the joy  
You know that I'd be with you now  
And I don't know the reason  
If I had the choice

I ever stopped believing  
I know I hurt you when I said goodbye  
I never needed anyone but you, oh

*\*Refrain\*:*

When you belonged to me  
I was too blind to see  
You were my everything  
Now I'd give anything  
To feel the love you bring

You were my everything  
And fix you up  
But my life will never, ever be the same  
They say time can mend a broken heart

Without your touch  
I know you're still afraid to let me in  
I wouldn't let you see me  
I took for granted you would always be there  
And I don't blame you really

*\*Refrain\**

I know I hurt you when I said goodbye  
I ever stopped believing  
And I don't know the reason  
I never needed anyone but you

*\*Refrain\**

You were my love  
You were my everything  
You were my life

You were my life  
Yeah  
You were my everything
