L-o-v, lover  
My lover  
L-o-v, lover  
My lover, baby

When he takes me on a date  
I never have to worry  
Cause he's never late  
He does the things  
A man should do  
To keep this woman

It's been years that we're together  
And time makes it better and better  
True love, one of a kind  
And he's all mine, talk about my

L-o-v, lover  
My lover, baby  
L-o-v, lover  
My lover, baby

When we go out I know the deal  
Other women want to try his love  
Just as if I didn't exist

They don't give up  
They just persist, listen up

But it's been years that we're together  
And time makes it better and better  
True love, one of a kind  
And he's all mine

Can't come between our relationship  
It's unbreakable  
I suggest you find your own love  
Cause I don't intent to give him up

My l-o-v, lover

My lover, baby  
Keep your hands off  
My l-o-v, lover  
My lover, baby

L-o-v, lover  
My lover, baby  
Talk about my  
L-o-v, lover  
My lover, baby
