Most of All

You made a promise  
That you'd never desert me  
So where are you now  
You built me up  
Then you left me standing all alone  
Lost in the crowd

My friends all say to forget you  
I should but why do I hurt so

No one wins when the love is lost  
You turned your back on me  
When I needed you most of all  
No one wins when love takes a fall  
How could you let me down  
I needed you most of all

Maybe I should learn to live life without you  
Find someone new  
But something happens deep inside when our eyes  
meet  
I know you feel it too

Don't try and say you're happy without me

Don't say you don't miss my love, boy

No one wins when the love is lost  
You turned your back on me  
When I needed you most of all  
No one wins when love takes a fall  
How could you let me down  
I needed you most of all

Maybe we can find a way  
To bring back all the yesterdays  
Maybe we can find the path  
It's not too late to save the love  
Save the love we had

Most of all

No one wins when the love is lost  
You turned your back on me  
When I needed you most of all  
No one wins when love takes a fall  
How could you let me down  
I needed you most of all
