Hot a fire burn down Babylon again  
[Incomprehensible] revolutionary  
[Incomprehensible] majesty

Nah bow could neva  
Nah bow could neva  
Nah bow could neva  
Nah bow could neva  
Nah bow could neva

Well, but a weh dem a go do now  
Now dem see rasta nah bow 'cause rasta man no sell  
ollogyow  
Weh dem a go say now dem see bingi nah bow  
We nah eat dem goat an cow then again

How can I put dem on my mind  
When I know Jah, Jah truth nuff a dem nah go find?  
How can I put dem on my mind  
When I know their own truth they will have to find?

How can I put them on my mind when dem never see  
When Jah, Jah show dem the sign when nuff a fight fi  
position?

All dat encourage I said is division  
With dem politricks and dem old religion  
All it create is just war and bare friction  
Well, bingi man deh yah fi make a decision

Can't make dem distract we from Jah, Jah mission  
Dem a worry 'bout we sight ask 'bout we vision  
Dem want know weh certain things it derive from  
From the injustice and the manipulation

Death without dignity and exploitation  
Disregarded not regarded of dem illusion  
Dem get the dream but a we get the vision  
Jah inspire man with the perseverance  
Vision and the will fi burn down Babylon  
Nya man gwaan chant mi song

Oonu, now dem see rasta nah bow  
'Cause rasta man no sell ollogyow  
Weh dem a go say now dem see bingi nah bow  
We nah eat dem goat an cow then again

How can I put dem on my mind  
When I know Jah, Jah truth nuff a dem nah go find?  
How can I put dem on my mind  
When I know their own truth they will have to find?

How can I put them on my mind when dem never see  
When Jah, Jah show dem the sign when nuff a fight fi  
position?

Well, go tell dem, ras a no style nor trend  
Go tell dem, ras a the high testament  
Manifestation is there for everyone yah mi friend  
Only the righteous man observe dem

Straighten your crooked ways if you know seh dem  
bend  
Unbelievable crime nuff commit yah mi frien'  
True a infatuation motivate dem  
Nuff a dem go bow down to ornament

True dem no have a clean heart nor a clear conscience  
And dem no render dem heart dem go render  
garments  
Dem no stop from oppose, no stop from offend

Till dem become vampire and pestilence  
Till dem drinking the blood of dem children  
So dem destined to a long age of punishment  
Go tell dem, dem make the wrong commitment

'Cause on dem roll call, nuff nah go present  
Nuff name nah go call that mean dem absent  
While the rastaman still a chant him reverence  
Emperor Selassie I is omnipotent well again

Oonu, now dem see rasta nah bow  
'Cause rasta man no sell ollogyow  
Weh dem a go say now dem see bingi nah bow  
We nah eat dem goat an cow then again

How can I put dem on my mind  
When I know Jah, Jah truth nuff a dem nah go find?  
How can I put dem on my mind  
When I know their own truth they will have to find?

How can I put them on my mind when dem never see

When Jah, Jah show dem the sign

Well, refrain from the negativity that we believe  
I have to achieve what I have to achieve  
For my sisters and my brothers the youths dem need  
True nuff can't suppress resist anger and greed

Well, dem become liars and become thieves  
Jah, Jah all a warn dem and dem still nah take heed  
So dem become deserter, no stop from deceive  
The blood of corruption dem surely shall bleed

Nuff a dem heart whe the bingi man a read  
And get to over stand seh nuff a dem a bad seed  
Dem fell amongst the stone and the thorn and get  
squeeze  
So nya man go rout out the bad weed

[Incomprehensible] now dem see rasta nah bow  
'Cause rasta man no sell ollogyow  
Weh dem a go say now dem see bingi nah bow  
We nah eat dem goat an cow then again

How can I put dem on my mind  
When I know Jah, Jah truth nuff a dem nah go find?  
How can I put dem on my mind  
When I know their own truth?
